TERRACOTTA BRICK

ARCHITECTURAL ELEMENTS

Traditional methods and natural beauty combined with contemporary style and customization

Our Terracotta Brick reflects our deep appreciation for hand-work, natural materials and time-honored processes. We partner with local artisans, who have carried on their family trades for generations.

As a result of this unique partnership, we are able to create a consistent product and meet the custom demands of any project.

AVAILABLE SIZES

Natural or limewash

We offer our Terracotta Bricks in two naturally fired hues, five different lime washes and mottled options. Washes are individually applied—proudly by our own artisans' brushes.
