INSTALLATION & SEALING

Install per stone industry standards. Dry layout material prior to installation to properly blend color. Always seal the stone prior to grouting or use. Choose a grout color that is similar to the color of the stone to avoid picture frame effect.

CARE & MAINTENANCE

Use only non-abrasive/non-acidic cleaners to avoid etching and scratching. Periodic cleaning with water and natural soap is recommended.

ORDERING SAMPLES

Complimentary samples are available by contacting one of our locations. Customors only pay for shipping. Sample dimensions are 4" X 4" and available in multiple finishes listed on the second page.
